

# Cable Glands | ARMAKIT® LSZH CABLE GLANDS

INDOOR - STEEL WIRE ARMOUR

## BW ArmaKit

Low Smoke **Zero Halogen**

Steel Wire Armour Cable Glands

Low Smoke Zero Halogen

The ArmaKit® BW Gland is a two-part brass cable gland designed for use with all Steel Wire Armoured PVC and LSF cables. BW glands do not have an inner seal and as such provide minimal ingress protection against dust and liquid, they are only recommended for use in indoor, liquid and dust-free environments.

Cable retention and earth continuity is achieved via mechanical clamping of the cable armour against the low-resistance knurled internal cone.

### LSZH ArmaKit® BW Gland Kits

- For indoor use.
- Two-part handling.
- Precision manufactured from high quality extrusion brass.
- Supplied in kits containing:
  - M20s-M32 2 glands, 2 locknuts, 2 earth tags, 2 LSZH shrouds
  - M40-M75 1 gland, 1 locknut, 1 earth tag, 1 LSZH shroud

**Standards:** EN 60529  
BS 6121-1:2005

**Protection:** IP2X  
**Temperature Range:** -80°C to 300°C  
**Material (Gland):** Brass BS 2874 CZ121 Pb3  
**Material (Shroud):** LSZH Silicone
