

BAND-IT BAND-FAST CABLE RESTRAINT

BAND-FAST™

BAND-FAST™ Cable Restraint Clamps

BAND-FAST is designed as a ready to use pre-cut and pre-assembled band & captive sealing clip restraint clamp. This pre-assembled product gives significant time, labour & cost savings and has proven to have advantages that can't be ignored. Supplied in one width and six lengths the range covers single cables, cable bundles, trefoil and quad configurations from 10mm to 130mm.

PPA Coated BAND-FAST™ Clamps

- Independently tested for shock and short circuit
- Low profile finish
- 316 grade stainless steel (0.38mm band thickness)
- PPA 571 coating (0.4mm coating thickness)
- Zero Halogen, low smoke & fume
- DNV and GL Type approved materials
- Captive sealing clip
- Standard colour Black
- Fully rounded edges and end profile
- Significant weight reduction to cable clamps
- Independently tested for shock and short circuit
- Reduced stock holding - One size fits larger range
- Accommodates variations in cable diameter

Temperature Range: -75°C to 105°C

Material: 316 Stainless Steel

Coating: Low Smoke, Zero Halogen PPA 571 Coating

Standards: European Standard IEC 61914:2015

Max Short-Circuit:

Single wrap 45kA	600mm Spacing
Single wrap 50kA	300mm Spacing
Double wrap 70kA	600mm Spacing
Double wrap 76kA	300mm Spacing
